John H. Heidebrecht is a Shareholder at Berning & Heidebrecht, Ltd. where he focuses his practice on the valuation of closely held businesses, non-marital tracing, property division, spousal maintenance and cash flow calculations, purchase price allocation, goodwill impairment testing, compensation analysis, lost profit analysis, and damage calculations.

John is recognized for his proficiency in managing complex business valuation, intangible asset valuation, high net worth non-marital asset tracing and property division, and litigation support engagements while making potentially confusing issues easy for his clients to understand. He has performed hundreds of business valuations in a variety of venues related to privately-held companies and intangible assets in numerous industries with annual revenues ranging from \$0 (start-up) to over \$1 billion. John specializes in litigation support, having provided expert testimony and functioning as the court-appointed FENE and neutral expert on several occasions.
